EDUCATION

- **Farragut High School** Knoxville, TN
GPA: 4.2 Aug. 2016 – May 2020
- **University of Tennessee** Knoxville, TN
Undergraduate of Computer Science; GPA: 3.5 Aug. 2020 – Present

EXPERIENCE

- **Carrier** Remote
Cyber Security Engineer August 2023 - Present
 - **Cyber Security for OT Devices:** I am working on implementing cyber security programs for OT devices.
 - **Cyber Security standards:** I am learning lots of internal cyber standards and some public specifications as well.
- **Carrier** Palm Beach, FL
Intern May 2023 - August 2023
 - **Docker Environment:** I built a complete network system using all aspects of docker from docker compose to volumes and more.
 - **Jira and Project Management:** I learned how to work in agile sprints and use work management apps such as Jira.
- **Teaching Assistant** Knoxville, TN
TA August 2022 - Present
 - **Code Analysis and Grading:** I analyze students' code for bugs and help them solve said bugs. I also grade student code and check for compiler errors and more.
 - **Teaching:** I help students understand coding concepts and implement these concepts into their coding projects.
- **OakRidge National Lab** Oak Ridge, TN
Internship May 2022 - August 2022
 - **Multiprocessing:** I utilized multiprocessing to speed up the processing of big data within the pandas data frame.
 - **High Performance computing:** I achieved increased data processing speeds when using multiprocessing on a 96-core server.
- **Public Health Care Worker** Knoxville, TN
Senior Software Engineer Jan 2020 - May 2022
 - **First Aid Certified:** Red Cross certified in first aid and CPR.
 - **Special Needs Skills:** I worked with people who had special needs including physical restraints and mental disabilities.
 - **Communication Skills:** I helped people develop their communication skills.
- **Native German Speaker** Germany
Fluent German Speaker
 - **I German German-born and speak fluent German.:**

PROJECTS

- **Smokey Mountain Data Challenge:** Using AutoIEM data, GPS data, Temperature data, Population data, and 3D building data I had to answer various questions to find correlations between the data sets. This will be used in future city planning to improve Urbanization.
- **GitHub:** Under the GitHub link provided at the start of the resume is two years a various projects including data structures, bit manipulation, hashing algorithms, and much more.
- **OakRidge Intern Poster and Paper Presentation:** Using GPS and AutoIEM data I found correlations between the movement of people and their impact on buildings' energy consumption/cost.

PROGRAMMING SKILLS

- **Languages:** Python, Java, C++, C, HTML, Javascript, JML, Css, JSX, Dockerfile, Dockercompose, Shell Scripts **Technologies:** GitHub, Git Lab, Pandas, Multiprocessing pools, L^AT_EX, Docker, React, AWS, Gitlab, Jira
